REMINISCENCES OF OUR PIONEER DAYS

Gleanings From the Records Left By Men Who Laid the Foundation of Our County.

The county election held on the 5th of September, 1877, was the quietest political contest ever held in the county up to that time, even the newspaper taking but a silent hand in the discussion. Apparnely the nominees selected by both parties were satisfactory to the people and no issues of moment being at stake. Notwithstanding this a fairly good number of the voters turned out to express their choice, a total of considerably over 1500 votes being cast. As usual practically the entire Republican ticket was elected, though the majorties received varied considerably, the closest being for Assemblyman, J. P. Ames winning over H. N. Bishop by a majority of but 5 votes. The officials elected were as follows: Treasurer, W. J. Wilcox; Clerk, F. Rohrer; Auditor, E. A. Eikerenkotter; Sheriff, Geo. W. Green; District Attorney, H. N. Nutting; Surveyor, A. S. Eaton; School Supertindent, G. P. Hartly; Corner, Will Frisbie. Of these Rohrer was the only Democrat, he defeating W. R. Thomas by the majority of 98, while the average majority of the Republican candidates elected was something over 150.

In the early part of November the firemen were given an opportunity to subject the new town water works to a good test of their efficiency in case of a fire. On the evening of November 10th an alarm was sounded for a fire at the house of Michael Cronin, located on Chestnut street, between Heller street and the railroad. The firemen responded to the alarm and rushed the fire engine to the locality. No cistern was handy and the chief determined to make a test of the town pressure as the most avaibable means. For this purpose a hose was attached to a hydrant some 300 feet from the fire and the water turned on. It was found that there was an ample pressure for a building of the residence size, and within a few minutes after the water had been turned on the fire was under control.

Here is a little item copied from the issue of the Times and Gazette for December 1st, that may awaken memories in the mind of some people who are still with us: "Married, at Serrsville, on Thanksgiving Day, 1877, by Rev. H E. Jewett, P. H. McEnvoy of Redwood City to Miss Lizzie A. Lloyd of Searsville."

On the 23d of March, 1878 another fraternal organization was added to the list of Redwood City institutions by the organization of Redwood city Lodge No. 25, of the Ancient Order of United Workmen, then practically the only faternal insurance organization in the field. The new lodge was instituted by Dr. A. Burrows of Oakland, then organizer for this state. The first officers of the Lodge were: Henry E. Jewett, past master workman; B. F. Cooper, master workeman; Lwonard Fisher, foreman; S. C. Davis, overseer; John Diehl, guide; W. J. Wilcox, recorder; James F. Fitch, financier; A. A. Davis, wauchman.

SUITOR USES GAS PIPE ON HEAD OF HIS RIVAL.

Too many suitors for the hand of the same girl is said to have caused Stanislaus Cisnax and John Midolatis, employes of the San Carlos dairy, to beat R. Savitska on the head with a gas pipe in the road leading to Belmont school Monday night. Cisnax and Midolatis were arretsed Tuesday morning and charged with assault with a deadly weapon. Savitsha, who is employed by Superintendent Dale of the Allard-Pearsall properties, is in a serious condition.

Easton Joins Burlingame.

By a vote of 48 to 12 in Easton and 70 to 1 in Burlingame, the proposition to annex Easton to Burlingame and thus give the residents of the former place the advantage of a municipal form of government, was adopted Tuesday. The proposal for annexation had its origin in a petition presented to the city council of Burlingame by the residents of Easton. As is generally known, Easton comprises a tract of land formerly owned by Ansel M. Easton, the millionaire clubman, who several years ago had it divided into lots and sold. The population is about 500. The territory annexed lies just north of the city of Burlingame.

Change in Registry System

Beginning with the new year a change in the registering system will be made which will make the work of handling registered mail very much less and be a great relief to the postmasters. The registered parcels and letters will not be inclosed in a large envelope by the postmasters as formerly, but instead will only bear the register stamp with number affixed by which to identify them from the less important mail. A register return receipt card to be signed by the addressee and returned to the sender will not be issued unless the sender endorses on letter "return receipt desired."

LAST SAD RITES FOR MATHEW D. WILSON

Many Friends Follow Remains to Last Resting Place at Holister.

The one sad evet that clouded the gay holiday season was the death of Matthew D. Wilson, which occurred last Friday at noon while the deceased was on a hunting trip to Los Banos in Merced county. News of the melancholy happening was received here by phone during the early afternoon, but the details were lacking, except that it was made known that death was caused by heart failure.

Mr. Wilson left Redwood Wednesday afternoon in Chas. Luscher's automobile accompanied by Luscher, Adolph Osorio, Al Becker and J. B. Reynolds.

The deceased complained of feeling ill when he started away. The party hunted all day Thursday with success and on Friday morning started out again intending to spend a few hours on the preserve and make an early afternoon start for home. Shortly before noon Matt returned to the automobile and told Luscher that he was ill and asked for a drink of water. There was none in the machine and taking his gun he went to the river bank presumably to get a drink. He was found soon after by Osorio lying near the water, dead.

His body was taken to Los Banos and the coroner notified. An inquest was held on Saturday, after which the body was shipped to the parents of the deceased at Hollister.

Mrs. Wilson was down town when the news of her husband's death was received and when the sad story reached her ears she was almost prostrated and had to be cared for by friends. She was awaiting her husband's return, anticipating a happy visit with him to her parents' at San Jose and a later reunion of the family at Hollister.

The burial which took place at Hollister Monday was one of the saddest events that has occurred in that city in many years. The church where the services took place was thronged to its doors. A solemn requim mass was celebrated at which three priests officiated. Among those who composed the sorrowing congregation were some forty friends of the deceased from this city who brought with them a number of floral pieces of the sweetest blossoms that bloom in the valley. A touching incident was the address of Rev. Father Fox of the Santa Clara College who was the teacher and advisor of the deceased during his school days at that institution. He referred to his former pupil in language eloquent and affectionate. The pall bearers from this city were A. L. Lowe, Thos. Flynn and Charles Lorton.

Matthew D. Wilson was a native of Hollister, aged 25 years and 8 months. He is survived by his parents and three brothers and one sister, and his wife, formerly Miss Ada Heller, an estimable young lady to whom he was married lastMay. The deceased came to this city two years ago and purchased the Capitol bar and was conducting a profitable business. He was one of the most popular young men of the city, courteous and gentlemanly at all all times and led an exemplary life.

STEPS FROM MOVING TRAIN, JOHN MEYER SEVERELY HURT.

John Meyer, who keeps a saloon on Mound street near the Five Points, met with a painful accident Monday night while returning on the train from Hollister. As the train neared this city Meyer left his seat and went out on the platform. In order to be ready to leave the car quickly when it reached the depot, he started down the steps and missing the lower step was thrown violently to the ground. The accident happened at the Beech-street crossing. Meyer was picked up and taken to his home where he was attended by Dr. Ross. It was found that his hip was broken, his wrist sprained, a finger fractured, his scalp badly cut and his body otherwise cut and bruised. His injuries are painful and Meyer's condition is considered critical.

MALE SHOPLIFTER GETS LONG TERM IN JAIL.

A man who gave the name of A. H. Kirkpatrick was arrested Thursday by Marshal Coleman for attempting to steal a valuable umbrella at Gardiner's store. He was seen by two ladies who reported the theft to Mr. Gardner who compelled Kirkpatrick to return the goods.

When Kirkpatrick was taken by the officers he had two suitcases that were filled with articles of every description that he confessed to have stolen in San Francisco and Oakland and on the train. Judge Hannon sent him to jail for 90 days and when his term expires he will be turned over to the railroad officers to stand trial for his other thefts.

CITY OFFICIAL PAPER

D. E. O'KEEFE, Editor and Proprietor

Make your good resolutions to-morrow—keep them for the other 364 days.

To all of its readers the Times-Gazette wishes a happy and prosperous New Year.

WHAT OF THE HOUR.

The record of another year is about closed. Whether it may have been well or ill, it is now too late to recall. The record has been made, and as we have sown so must we reap. There is no time for regrets. It is to the future that we must look.

We are facing a new year, and it is to what it may have in store that we must look. It is of the future that we must of necessity most concern ourselves. To a large extent our destiny is in our own hands. Whether it is to be for good or ill, to a great degree must depend upon ourselves.

As a community our success or failure must depend upon our own efforts, both collectively and as individuals. Whether we shall progress or retard depends solely upon our own efforts. Let us then determine that the year shall be one of advancement. Let us look forward to great achievements, looking backward only to correct the errors of the past.

Now is the time to determine to subordinate selfish ambitions to the public advancement, to unite in whatever will best promote the general public good. Let us forget our little personal differences and work hand in hand for the promotion of these interests which all must agree are paramount.

Nor should this effort be confined to the sordid promptings of commercial life. There are even more important works than the mere accumulations of wealth which demand our undivided attention. With a community practically free from vice, we must resolve upon a continued and united effort for a further elevation of the high standard attained.

By this means, and this means only, can we best advance the interests of our community and of ourselves. Thus can we best make the New Year one of happiness and prosperity, both to ourselves and to posterity.

Week of Prayer.

The week of prayer will be observed by the Methodist and Congregational churches in union services four evenings of next week. Monday evening the meeting will be held in the Congregational church, when the subject will be, "The Mission of the Church to its Own Community." The meeting Tuesday evening will also be held at the Congregational church, the subject being "The Mission of the Church in Spreading the Gospel." On Wednesday evening will be "The Relation of the Individual to the church", and for Thursday evening, "The Relation of the Individual to Christ." Services begin at 7:30 and the public is cordially invited to attend.5

Veteran County Officials Retire to Private Life and Make Way for Young Blood

The opening of the new year will see some notable changes at the courthouse. Old officials, some of whom have served the people of San Mateo county faithfully for many years, will retire from public life, to give way to younger men.

Particularly notable among these changes will be the retirement of John F. Johnston from the recorder's office, after more than a quarter of a century of public service. First entering the service of the county as a deputy in the office of the county Clerk when that office combined the duties of recorder, Mr. Johnston was selected by the people of the county to conduct the affairs of the office of Recorder at the time when that was first made a separate official position, and no higher testimony of the regard in which he has been held could be cited than the fact that he has been continued uninteruptedily in that position until at the time of the primary election he declined to be a candidate for renomination at the hands of his party. In retiring from public office Mr. Johnston will not, however lay down business cares, having purchased a controlling interest in the business of the San Mateo County Abstract Company, a business for which he is peculiary fitted because of his long connection with the care of the public records.

That the business of the recorder's office will not suffer by the transition to new hands the public may be assured. Certainly no better successor to the office could have been selected. In Harold O. Heiner the people have chosen a man well fitted for the responsible position. Not only is Mr. Heiner a man of much more than ordinary clerical ability, but he is admirably fitted by experience to intelligently take up the duties confronting him and t bring to their discharge the advantage of modern methods. Mr. Heiner has announced as his office deputies, T. C. McGovern of South San Francisco and Miss Mable Spence of San Mateo, both of whom will undoubtedly prove capable assistants.

Although he has occupied the position for but a short time, John L. Debenedetti will be missed from the office of the tax collector. Selected by the supervisors to fill the place made vacant by the death of the popular Dr. C. L. McCracken, he has proven himself a most competent official, bringing to his duties an intelligent and panstaking care. Mr. Debenedetti will return to the cares of private business.It has been announced that he will embark in the real estate business, devoting himself mainly to the handling of acerage properties, for which purpose he will maintain offices both in this county and in San Francisco.

The tax collectors office will also find a most competent man as its new occupant in genial Ambrose McSweeney. For many years Judge McSweeney has been a resident of San Mateo county, prominent in both public and private life, and at all times he has led the highest esteem of the people with whom he has come in contact. Full of energy, with a broad and well trained mind, he will bring to his duties an intelligent management, while his genial disposition will do much to make the enforced periodical visits to his office by the general public as much a pleasure as a duty demanded by law. There will be no change in the general clerical force of this office, Mr. McSweeney having announced that he will retain the services of the present efficient deputy, Miss Elna Alien.

After 12 years of service in the office of district attorney, Joseph J Bullock will retire to give place to Franklin Swart, who has the honor of being one of the very few Democrats selected by the people of San Mateo county for official position. To this important office, Mr. Swart brings many essential qualifications. A graduate of Stanford University, he has attained a high standard in the legal profession, to which he has added a wide experience. While yet a comparatively young man, endowed with the full energy of life and a laudable ambition, he has had the advantage of wide experience both in the practice of the law and in the conduct of general business, and thus is well qualified as the advisor of the officers of the county. And certainly quite as important, his high social standing gives an assurance that in him the vicious elements which seemingly infest every community will find neither friend nor apologist.

After four years of efficient service in the sheriff's office R. S. Chatham retires to give place to J. H. Mansfield, another of the few Democrats to secure office in this county. Mr. Mansfield has already had experience in the office, having previously held the same position.

There will be but one change in the personell of the board of supervisors, J. H. Coleman retiring after many years of honorable service to give place to William Brown of San Mateo. While Mr. Brown is a rather new man in public affairs, there is every reason to believe that he will make a most acceptable official. He has had the advantage of a mature business experience, and among his neighbors is regarded as a man of sterling character.

Yet, while these changes are taking place, the habitute of the county's big building will not find himself among altogether strange faces, for many of the old officials hav been retained for another term as a token of the appreciation of the public for their work. With theseoficials there will be no changes among the deputies and the old office force will still greet the visitors.

In the office of the county clerk work will go on as usual, with but the formality of taking anew the oaths of office. Wisely the people of the county unanimously determined to retain the efficient services of County Clerk Jos. H. Nash, who for the past four years has been one of the most popular of the county officials, and deservedly so, and with him as chief deputy will remain A. L. Lowe, than whom no more efficient and popular choice could have been made, while Miss Falvy will remain as chief copyist and stenographer.

Another official who will remain by the unanimous selection of the people whom he has well served is Clarence D. Hayward. With a thorough knowledge of the property values of the county, and an experience of 16 years in the routine of the duties of the office of assessor, no more generally acceptable officer could be found.

Another old and popular official who will continue to hold forth at the old stamping ground is County Auditor W. H. Underhill, who for years has so conducted one of the most difficult departments of the county government as to merit general commendation, and whose work has commanded the approval of exprets.

It seems almost a superfluity to say that the some old guardian of the county's strong box will remain. The popularity of County Treasurer P. P. Chamberlain has been too often attested by his fellow citizens. In him is a man in whom the people of San Mateo court have the utmost confidence. Of course Deputy Treasurer Schaberg will remain, for no one is more suitable for the position could be found.

The school department will also remain in the same efficient hands under which it has prospered for the past four years. County Superintendent Roy W. Cloud may well feel proud of the unanimous endorsement he received at the hands of the people of the county. In a position requiring ability of an exceptional order, he has so conducted the affairs of our public school system that San Mateo county today stands second to none as an educational center.

Another official who remains with the honor of an unanimous choice is cCounty Surveyor James V. Neuman, who has thoroughly demonstrated his ability in his chosen profesSon.

Coroner and Public Administrator H. G. Plymire is one of the old officers that has made good. His popularity is demonstrated by the fact that he had no opponent at the primary or recent election. He has made a very efficient and painstaking official and does his full duty at all times.

All in all San Mateo county has reason to be proud of her new officials. Each comes into office with the confidence of the public and well equipped for his duties, and there is good reason to believe that public affairs will be so conducted as to make the county a pattern for her neighbors.

LONG USED HIS GUN IN SELF DEFENSE.

Upon the motion of Assistant District Attorney Caubu of San Francisco, the murder charge against Charles Long, who shot and killed "Billy" Gallagher in Alex Greggains' saloon on the night of December 17, was dismissed by Police Judge Weller Thursday morning on the ground that the defendant had used his revolver in self-defense. At the coroner's inquest Long was exonerated. Mr. Long was here Tuesday calling on friends and at that time he was confident that he would be acquitted at the preliminary examination.

Will Keep Right of Way

Judge Buck has rendered a decision in the case of John J. Doyle against the Southern Pacific Co. The action was brought by plaintiff on behalf of the John T. Doyle estate Co., to get possession of a parcel of land over which the trains run at Menlo Park. The land was deeded in 1861 to the railroad company by John T. Doyle as a right of way. The instrument contained a clause that the property would revert to the original owners after the termination of the company's franchise which was 50 years. The suit was based upon this clause. Following is the decision in full:

"This is an action of unlawful detainer and to recover rent for certain premises described in the complaint and for possession thereof.

"At the hearing this court suggested that a mistake had been made in the remedy sought and after more mature deliberation I am fully convinced that suggestion is correct. The instrument claimed to be a lease, introduced in evidence, is a deed of right of way for certain purposes and even though a period of time is fixed it has none of the requirements of a lease and hence action will not lie.

"Judgment for defendant."

C. E. Cumberson and wife have arrived home from an extended visit in the east and south. Mr. Cumberson stopped for a while at New Orleans and while there could plainly see that the people had given up their fight for the fair. Mr. Cumberson is certain that the fair will be held in San Francisco.

B. Sebastiani who became mixed up in a stabbing affray in an Italian lodging house in this city on November 29th, had his preliminary examination before Judge Hannon yesterday. The prisoner was held to appear before the superior court. His bail was fixed in the sum of $1000.

Judge Dooling, who was expected to be here from Hollister yesterday to render a decision in the Chatham-Mansfield election contest and mandamus proceedings of W. H. Almon and Robert J. Carroll against the board of supervisors, failed to arrive. The decision may be received by mail to-day.

W. H. Bias, treasurer of Santa Cruz county for thirty years, was in town Thursday. He is the administrator of the Elizabeth Reed estate and was here in that connection.Mr. Bias was re-elected at the last election, having no opposition. He is one of the most popular men of Santa Cruz. His son is a prominent Santa Cruz attorney.

L. L. Burd, who has been employed by V. Michell, the blacksmith for the past two years, has resigned his position and has bought the business of A. Hammerson of Belmont. Mr. Burd is an expert mechanic and his many friends in this city predict success for him in his new undertaking. Mr. Hammerson, who retires from active business has been the village blacksmith at Belmont for over 20 years.

The woodman's ax is playing havoc with the pine and eucalyptus trees in the courthouse grounds to the rear of the building. These trees were planted about forty years ago with much pomp and ceremony. One of the pines was planted by the late John T. Doyle of Menlo Park, another by T. G. Phelps, and still another by Charles N. Fox. All these men have long since passed to the great beyond and the trees they planted are now no more. They were cut down to allow the sun to penetrate the new courthouse building.

TESTED AND PROVEN.
There Is a Heap of Solace In Being Able to Depend Upon a Well-Earned Reputation.

For months Redwood City readers have seen the constant praise for Doan's Kidney Pills, and read about the good work they have done in this locality. Not another remedy ever produced such convincing proof of merit.

W. J. McGarvey, 35 Clarenont Ave., Wellesley Park, Redwood City, Cal., says: "It would be impossible for me to give Doan's Kidney Pills more praise than they deserve. Their use has spared me a great deal of suffering fram backache and kidney trouble and because of the great benefit I have derived I consider it only fair that I make their merits known. I have been a deputy county official of San Mateo County for over 20 years, and you can refer to me at any time as one who can vouch for the merits of Doan's Kidney Pills. I procured this remedy at P. A. Ryan's Drug Store, and publicly endorsed it two and a half years ago. At this time I willingly confirm that statement."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

No Other Roofing Has Stood This Test

The buildings of the Lehr Agricultural Company, Fremont, Ohio, were among the first buildings anywhere, to be roofed with a ready roofing. They were roofed with Ruberoid—the first ready roofing ever invented. That was seventeen years ago. This is the longest test ever given a ready-to-lay roofing. There is no theory, no uncertainty, in such a test as this. And today, this roof, put on in 1892, looks good for many years more.

Don't expect any ordinary roofing to stand such a test as this.

Many roofings look like Ruberoid. Don't let that fact deceive you.

No other maker can use Ruberoid gum—and it is the use of this flexible gum which makes Ruberoid waterproof—sun proof—cold proof—weather proof—resisting acids, gases, and fumes.

It is the exclusive use of Ruberoid gum that makes Ruberoid roofing so good a fire resistant that if you drop live coals on the roof it will not take fire.

A One-Piece Roofing

Ruberoid roofing is sold exclusively by us. In each roll is Ruberine cement for joining the seams and laps.

A roof of Ruberoid is practically one piece, flexible, durable, attractive.

It also comes in attractive colors—Red, Green, Brown—suitable for the finest homes.

These color roofings are made under the makers' exclusively owned U. S. and foreign patents. The colors do not wear off or fade, because they are part of the roofing.

You can lay a Ruberoid roof yourself. Everything you need comes with the roll.

Or, if you have it laid, the cost of laying is the lowest of any roofing—of any kind.

Don't decide on any roofing for any purpose until you have read our free book.

This book tells all that we know about various roofings—all that we have learned in twenty years of experiment about tin, tar, iron, shingle, and other roofings.

It gives you a good idea of the advantages and the disadvantages of each. It tells the first cost, the upkeep cost—how long each kind of roof will last—what repairs will probably be needed.

The book is fair, frank, and impartial. It is a gold mine of roofing information. Because it tells about Ruberoid roofing, too, we do not charge for it—we send it free.

RUBEROID
(REGISTERED IN U. S. PATENT OFFICE)

Be sure to look for this registered trademark which is stamped every four feet on the under side of all genuine Ruberoid. This is your protection against substitutes which many dealers brazenly sell as Ruberoid. Ruberoid is sold exclusively by us. We will tell you more about Ruberoid when you send for the free book.
